## MACS Mosaics Group

This Group meets on Wednesday mornings to share skills and create a variety of 2-dimensional and 3-dimensional art and craft pieces.

There are materials and equipment for Beginners to get started and a welcoming cup of tea or coffee.

The sky is the limit for this creative group - some of the work is useful - pots, bird-baths, house numbers, and some is just for the joy of making - check out this gorgeous composition.
